6. Exam Day Rules and Procedures

What to bring, what to leave behind, and the rules every candidate must follow on exam day.

6.1 Testing site – check-in deadline

The doors to each testing center will open at least 15 minutes before all scheduled testing appointments to check candidates into the testing center. You should plan to arrive early to make sure you are seated by the time the testing begins. If you arrive late, AND the testing session has already begun, YOU WILL BE TURNED AWAY, will forfeit your exam fee, and will be required to reschedule for a future testing date.

6.2 What is Examroom?

Examroom is a remote exam monitoring service that allows you to take your exam on your own computer at your home. On exam day, you log into the Examroom website and request to start your exam. An exam proctor will greet you over your computer, will verify your identity, take your picture, and observe you throughout the testing process.

Not every computer system is capable of taking an exam on Examroom. The following are the **MINIMUM** requirements:

- The operating system on computer needs to be recent (less than 3-4 years old)
- Works on a MAC, PC, or Chromebook
- Need either a Chrome or Firefox browser (Chrome works best)
- Need a functioning computer web-camera and microphone
- Need a good consistent Internet connection capable of uploading files in excess of 3 Mbps

Please do a system check before scheduling: https://provexam.examroom.ai/system-check/

If you do not have access to equipment that meets the minimum requirements, Prov has laptops available for use. To request access, call (866) 720-7768.

6.3 Remote testing information

By choosing to take your exam remotely, you agree to abide by the following conditions:

1. You will need to be in a quiet, distraction-free environment.
2. You need to sit at a table, desk, or counter.
3. Your table or desk needs to be completely clear of anything you are not permitted to use during testing.
4. All non-testing electronic equipment needs to be removed from the room.
5. All windows in the testing room must be covered.
6. Your area under your table, desk, or chair needs to be clear of everything.
7. Your work area needs to be obstruction free so that we can see you, your arms and hands, throughout the entire testing process.
8. You are not permitted to have anyone in the room with you, nor can you receive any aid from anyone during the exam.
9. You are not permitted to access any other website during testing unless directed by the system.
10. If requested to download a special extension on your computer, you will not tamper with it or try to disable it while testing.

6.4 Exam day procedures

On the day of your exam:

1. Head to https://provexam.com
2. Click "Start My Exam" from the home page menu
3. Review the instructions on the page and click "Start My Exam" to be directed to https://provexam.examroom.ai/signin/#/auth/login
4. Enter the email address you used to register for your exam
5. Enter your candidate ID as your password
6. You will be greeted by an onboarding agent to help you check-in and start your exam

6.5 Proof of identity

You will be required to show government-issued, photo-bearing identification that includes your signature. Your first and last name on your ID MUST match the name on your admission documents. The photo-bearing ID must be current and valid. Forms of valid photo-bearing ID are a driver's license, passport, or military ID. Temporary IDs must have a photo to be accepted. Expired IDs will NOT be accepted. Please contact Prov in advance of your exam date if you have any questions regarding your photo ID. You will also be required to sign a testing center log and will be photographed by the testing center staff. If you cannot produce a valid government-issued photo ID, refuse to participate in signing as instructed or refuse to be photographed, you will be dismissed from the testing center and forfeit all testing fees for that testing session.

6.6 Prohibited items

No cameras, recorders, cell phones, computers, pagers, tablet computers, music players, smart watches, radios, electronic games, or any other electronic devices are allowed in the testing room. Talking and smoking are not allowed in the testing room.

Additionally, other personal items such as purses, notebooks, references or study materials, briefcases, backpacks, wallets, pens, pencils, other writing devices, food or any other items should be placed in secure storage at the testing facility.

For exam security you may also be asked to remove articles of clothing that may pose a security risk such as the following:

- Bulky clothing, scarves, hoodies, shawls, vests, jackets, coats, and so forth.
- Hats or headgear not associated with religious reasons.
- Any other clothing or device that may be interpreted as having the potential to compromise the testing process.

Important

We ask that you leave all unauthorized materials in your car or vehicle. If you are caught using unauthorized materials during testing, these materials will be confiscated, your testing will be terminated with your exam fee forfeited, and the State will be notified of your dismissal from the exam.

6.7 Visitors

No one other than the candidate will be allowed in the testing room.

6.8 Unethical conduct

Any individual caught giving or receiving assistance during or after the examination or caught using unauthorized materials during the examination will be reported directly to the Board. Those caught in the act of cheating will be dismissed from the examination and their testing results will be frozen. Furthermore, the candidate will forfeit the

examination fees paid. Finally, anyone caught with exam questions in their possession, either during or following the examination will be prosecuted by Prov for theft of copyrighted testing materials.

6.9 Candidate civility expectations

We understand that taking an exam can be stressful. Sometimes this stress may cause someone to visibly show their frustration during or after the testing event. While we understand the sources of stress, we find any action that threatens our proctors or examiners to be unacceptable. If a candidate verbally or physically threatens or assaults any of our proctors or examiners, that candidate may be banned from testing for a time. The candidate's actions will be reported to the licensing Board or agency. If any physical harm occurs, civil action may also be taken against the candidate.

7. Results, Retesting, and Exam Challenges

7.1 Results reporting

Prov's scoring system grades your exam immediately upon completion and automatically forwards results to your licensing authority.

7.2 Retesting

Law: There is no limit to the number of testing attempts you may make. If you do not pass, you must wait 30 days before retesting.

All other examinations: A new approval from your licensing authority is required before each attempt. If you do not pass, you must wait 30 days before retesting.

Candidates cannot retake an exam once they have passed unless required by their licensing authority.

8. Non-Discrimination and ADA Accommodations

8.1 Prov's non-discrimination statement

Prov provides equal access to its exams and testing programs for all eligible persons. Although individual jurisdictions that Prov represents are wholly responsible for determining eligibility of candidates, it is the policy of Prov to maintain an environment free of discrimination and to prohibit discrimination and harassment against any person on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and veteran, marital or family status.

Harassment of Prov program participants, proctors, staff or candidates will not be tolerated. If candidates wish to express concerns about discrimination, they should contact Prov at (801) 733-4455 or write to: Prov, Inc., 200 W Civic Center Dr, Suite 160, Sandy, UT 84070.

8.2 Americans with Disabilities Act accommodations

To learn more or request an accommodation, visit our ADA Accommodations page at provexam.com/ada-accommodations.

Note

Accommodations will not be provided based solely on a candidate's inability to read and comprehend English.

10.3 Computer testing navigation

Please review the following guide to understand how to navigate the Prov computer-based testing system.

Feature	How it works
Total number of questions	Indicated in the upper right-hand corner of the screen.
Available time	Posted in hours and minutes. The exam will end automatically when **Time Remaining** reaches 0:00.
Selecting your answer	Use your mouse to select a number (**1**, **2**, **3**, or **4**). The answer is highlighted (or checked) when selected. You may change your selected answer for any question until the exam is over. If you do not know the answer to a question, it is to your advantage to guess, since there is no penalty for a wrong answer.
Tracking difficult questions	Press the **Flag** Button to help you keep track of questions you wish to return to at a later time. Flagging questions has no impact on scoring. Press the button again to Unflag the question. You may see which questions have been flagged by clicking **Summary**.
Question comments	During the assessment, if you have a question or concern about a particular exam question, the proctor cannot answer questions about exam content; however, you can send a comment to Prov's Test Development Department by clicking the **Comment** button. Please leave a specific description. Staff will process your comments within two weeks.
Moving to a different question	Use your mouse to select the **Next** or **Back** buttons. Press Next to move forward. Press Back to move backward. You may also use your arrow keys (← →) to move forward and backward through the exam.
Reviewing your progress	Press the **Summary** button to see a table indicating which questions are unanswered or which you have flagged.
Ending the exam early	Press **End Test** button when you are ready to leave the exam. It is recommended that you review your exam and verify there are no unanswered questions prior to ending the exam.
