## GENERAL TESTING INFORMATION

This Candidate Information Bulletin provides you with information about the testing and application process for becoming licensed in cities/counties in the State of Florida. To be licensed, you must pass a test to confirm that you have attained at least a minimum level of knowledge regarding the principles, practices, statutes and regulations governing construction in Florida. The cities/counties have authorized Prov to develop and administer their contractor licensing testing program. Prov provides tests through a network of computer testing centers in Florida as well as other States. Prov works closely with the cities/counties to be certain that the licensing tests meet local requirements as well state requirements in basic principles and testing development standards. This bulletin has been developed to help explain the rules and processes candidates will need to undertake to complete the testing requirement for their cities/county’s licenses.

Prov is not authorized to make the determination of which test(s) candidates must take. If a candidate is unsure which test is needed for the license being sought, resolve this question with your local licensing board before registering. If candidates take the wrong test, the test fee will not be refunded.

The following is an alphabetical listing of the tests administered by Prov for licensing in the State of Florida. All tests are open book and are timed. When you apply for your test, you will be provided detailed information about each test you are required to take for licensure. This information will describe the content of the test as well as provide information regarding study materials.

**SCHEDULING BY PHONE**

To schedule for an examination by phone, candidates should contact Prov toll free at 801-733-4455. Prov scheduling staff is available 8:00 a.m. through 6:00 p.m. ET, Monday through Friday.

Candidates should be prepared to provide the Prov scheduling staff with their name, Prov Candidate ID and their zip code. Once Prov confirms the candidate's identity, Prov staff will search the database for the next available testing session at the candidate's preferred testing location and will provide candidates with any alternate locations that may be in close proximity to their address.

Once candidates are scheduled, Prov staff will email them information regarding their testing schedule.

#### CANCEL/RESCHEDULING POLICY

If you need to change or cancel their testing appointment, you must contact Prov at least **three (3) business days** prior to your scheduled test date. Rescheduling is free if Prov is notified by the deadline. If you fail to appear for their test or fail to cancel or reschedule your testing session by the close of business three days prior to their scheduled test date, you will forfeit your exam fees.

#### PREPARING FOR YOUR EXAMS

The contractor licensing examinations that candidates will take are designed to test what qualified contractors should know as they begin operations in the construction field. The test questions used on the tests have been prepared by contractors and cover the wide range of topics candidates would normally encounter as a contractor in their particular field. If candidates have worked in construction for some period of time in a variety of different settings, they likely have experienced much of what will be found on their test. On the other hand, if the candidates' experience is limited (not only in years but in the variety of work performed) then it is likely they may want to spend time increasing their knowledge by studying areas in which they are less familiar. For all candidates, the reality is that people forget those things they don't use, and over time a candidate's knowledge in some areas may have decreased.

Prov recommends that candidates prepare for their tests by familiarizing themselves with the exam references with emphasis on the subject areas listed in each test description. Candidates who are familiar with their reference materials will spend less time searching for answers during the test. When preparing for the test, remember that hand-written notes are not

allowed in a reference book used for testing. Candidates are encouraged to prepare their test materials by highlighting text or placing permanent tabs on important pages. It is NOT mandatory that candidates purchase any study materials in preparation for their tests; however, all tests permit the use of authorized study materials and candidates may be at a disadvantage if they do not bring those materials with them to their testing session. At a minimum Prov recommends that candidates have their own code books related to their tests which may be useful to candidates after their testing is complete.

#### PURCHASING REFERENCE MATERIALS & STUDY GUIDES

You will be provided with a list of reference books when you apply for your test. You can also go to our website for this info. In addition to publisher information, Prov has listed the reference book's ISBN and a website at which candidates can purchase the reference book. #### TEST DAY RULES AND PROCEDURES

##### **Check-in Deadline**

The doors to each testing center will open at least 15 minutes before all scheduled testing appointments in order to check candidates into the testing center. You should plan to arrive early to make sure you are seated by the time the testing begins. If you arrive late, AND the testing session has already begun, YOU WILL BE TURNED AWAY, will forfeit your exam fees, and will be required to reschedule for a future testing date.

##### **Proof of Identity**

Upon arriving at the testing center, you will be required to show government-issued, photo-bearing identification. The photo-bearing ID must be current and valid. Forms of valid photo-bearing ID are a driver's license, passport, or military ID. You will also be required to sign a test center log and will be photographed by the test center staff. If you cannot produce a valid government-issued photo ID, refuse to participate in signing the test center log, or refuse to be photographed, you will be dismissed from the testing center and forfeit all testing fees for that testing session.

##### **Prohibited Items**

No cameras, recorders, watches, cell phones or other communication devices are allowed in the testing room. Talking and smoking are not allowed in the testing room.

##### **Approved Items**

You may bring the following approved items into the testing center:

- **Pencils.**
- **Calculator.** Only simple 4-function calculators are permitted. PDAs, tablets, cell phones or other special calculators are NOT permitted.
- **Approved References.** (See information below).

### **Reference Material Rules**

All examinations are designed to allow you to use **authorized** references while taking their exams. For a list of what reference materials are authorized for the exams, please refer to the exam description for the candidate's exam. All reference materials will be checked by the Prov test administrator prior to the candidates being permitted access to the testing room.

You should prepare your reference materials using **ONLY** the following methods.

- Highlighting
- Underlining in pen (ink) only.
- Attaching permanent tabs

Reference materials which do not meet the following guidelines will not be allowed in the testing room.

These guidelines are in place to ensure that every candidate is tested fairly, and that no candidate has access to unapproved resources.

- Handwritten notes in pencil NOT allowed in any portion of a reference book and will need to be erased prior to using the materials unless authorized by your licensing jurisdiction.
- Moveable tabs are NEVER permitted in a reference book.
- A reference book CANNOT contain Post-it notes.
- Photocopied documents CANNOT be added to a reference book.
- Photocopied versions of a reference book are NEVER permitted.
- Test preparation study guides are NOT approved references and are NOT permitted in the testing center; this includes practice examinations.

We ask that you leave all unauthorized materials in your car or vehicle. If you are caught using unauthorized materials during testing, these materials

will be confiscated, your testing will be terminated with fees forfeited, and the Department will be notified of your dismissal from the exam. During the testing process you MAY NOT:

- Share reference materials during testing.
- Highlight, underline, mark or write any kind of information in their reference materials during testing.

### **Visitor Policy**

No one other than the candidate will be allowed in the testing room. Non-testing visitors are NOT permitted to wait in the lobby while candidates test.

### **Unethical Conduct Policy**

Any individual caught giving or receiving assistance during or after the examination or caught using unauthorized materials during the examination will be reported directly to the Department. Those caught in the act of cheating will be dismissed from the examination and their testing results will be frozen. Furthermore, the candidate will forfeit the examination fees paid. Finally, anyone caught with test questions in their possession, either during or following the examination will be prosecuted by Prov for theft of copyrighted testing materials.

### RESULTS REPORTING

Upon completion of a test, if your local jurisdiction allows you to be provided with a score, you will be given a score result while at the testing center. There is no charge for the on-site scoring and tests will be scored within one minute. Candidates participating in this testing program can also access their scores at any time (24/7) online by going to our website at [www.provexam.com](http://www.provexam.com). If your local jurisdiction does not allow your score to be provided at this time, you will have to wait for your jurisdiction to notify you of your score. Because the testing process is a requirement for licensure with the cities/counties in the State of Florida, candidates automatically consent to permit Prov to share their test results with their local licensing Board.

### RETESTING POLICY

Failed examinations can be retaken according to local licensing jurisdiction rules. Candidates cannot retake an exam once they have passed that exam unless required by their jurisdiction. Applicants may test for the examination at any time; there is no waiting period

between examination attempts before rescheduling.

#### REVIEWS & PROV'S ACCEPTED PAYMENT METHODS

Reviews are intended to help candidates audit their testing results by allowing them to see which questions were missed.

Candidates may request a review of their exam after failing an exam category two (2) times. To be eligible for a review, candidates must score within 10% of the required passing score. The review for all tests is 1-1/2 hours in length.

The review will be conducted under the same testing conditions as the exam using the same test security rules.

The cost of the exam review is **\$80.00** for each exam reviewed. Candidates will request or schedule a review by contacting Prov directly at 801-733-4455.

#### EXAM CHALLENGE PROCESS

If during an exam or review, the candidates encounter a question they think is inaccurate or otherwise incorrect, they are encouraged to submit an Exam Comment to Prov detailing why they feel the question is in error. Candidates testing on computer may make their comments in the testing system. Candidates who are reviewing an exam will automatically be provided with an Exam Comment form. Prov staff will review each comment within two weeks of submittal.

Should any comment result in a change to a test question and/or candidate score, Prov will report the change to the Licensing Board.

The Board will notify the candidate of the score change and issue a new result letter. Detailed answers to questions or comments are not provided for test security purposes.

#### HAND SCORE REQUEST

Prov ensures the accuracy of our exam results. Our computer system is designed to identify and report any potential error in data collected from an exam session. If you would like to have your score reassessed for accuracy, you can request a Hand Score by calling Prov

at 801-733-4455 and asking for a Hand Score Request Form.

A Hand Score Request form requires a signature and must be mailed to Prov. Forms must be received by Prov no later than ninety (90) days after your examination administration date and must be accompanied by a copy of your original score letter.

Once a Hand Score is received, Prov Staff will process the request within seven (7) to ten (10) business days. During the Hand Score process a staff member will ensure that your answers were properly recorded and scored by comparing the captured answers to the exam key. Upon completion of the Hand Score we will provide a letter by mail to report the outcome of the reassessment.

The cost of the hand score is \$25.00 (includes tax).

#### PROV'S NON-DISCRIMINATION STATEMENT

Prov provides equal access to its exams and testing programs for all eligible persons. Although individual jurisdictions that Prov represents are wholly responsible for determining eligibility of candidates, it is the policy of Prov to maintain an environment free of discrimination and to prohibit discrimination and harassment against any person on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and veteran, marital or family status.

Harassment of Prov program participants, proctors, staff or candidates will not be tolerated. If candidates wish to express concerns about discrimination, they should contact Prov at 801-733-4455 or write to: Prov, Inc., 200 W Civic Center Dr., Suite 160, Sandy, UT 84070.

#### SPECIAL ACCOMMODATIONS

Prov complies with the Americans with Disabilities Act (ADA) in providing special accommodations for candidates that require additional assistance during the testing process.

If candidates feel that they qualify for special accommodation during testing, they should contact Prov at (801) 733-4455. Prov will require written documentation from a licensed physician or psychologist documenting the disability and further require a request describing the requested remedy.

Prov will then work directly with the candidates to make the accommodation they will need in order to complete their examination.

**EXAM TEST SITE AVAILABILITY**

You may take your examination at anyone of Prov’s testing facilities nationwide.

You can also take the exam at home using Prov’s Examroom® service.

**What is Examroom?**

Examroom is a remote test monitoring service that allows you to take the test on your own computer at your home. You schedule the test the same way you would an in-person testing site; by selecting your preferred test date and time. Then, on test day, you log into the Examroom website and request to start your exam.

A test proctor will greet you over your computer, verify your identity, take your picture, and observe you throughout the testing process.

How to decide whether to use Examroom? **Not every computer system is capable of taking a test on Examroom.** The following are the **MINIMUM** requirements that your computer system would need in order to qualify to take the test using the Examroom service:

- Operating system on computer needs to be recent (less than 3-4 years old)
- Works on a MAC, PC, or Chromebook
- Need either a Chrome or Firefox browser (Chrome works best)
- Need a functioning computer web-camera and microphone
- Need a good consistent Internet connection capable of **uploading** files in excess of 3 Mbps

Please use the following link to do a system check **before you schedule** the exam to make sure your computer system will support testing using the Examroom Service.

<https://examroom.ai/systemtest/>

When prompted “Permission to access camera and microphone”, you must click “Allow”.

If your system does not allow you to test at home, don’t worry, we have some great testing locations that are not too far away.
