TEST DAY RULES AND PROCEDURES

Theory Test Site Testing - Check-in Deadline

The doors to each testing center will open at least 15 minutes before all scheduled testing appointments in order to check candidates into the testing center. You should plan to arrive early to make sure you are seated by the time the testing begins. If you arrive late, AND the testing session has already begun, YOU WILL BE TURNED AWAY, will forfeit your exam fees, and will be required to reschedule for a future testing date.

Test site testing candidates proceed to "Proof of Identity" section of this bulletin.

What is Examroom?

Examroom is a remote test monitoring service that allows you to take your test on your own computer at your home. On test day, you log into the Examroom website and request to start your exam. A test proctor will greet you over your computer, will verify your identity, take your picture, and observe you throughout the testing process.

Not every computer system is capable of taking a test on Examroom. The following are the **MINIMUM** requirements that your computer system would need to meet in order to qualify to take your test using the Examroom service:

- The operating system on computer needs to be recent (less than 3-4 years old)
- Works on a MAC, PC, or Chromebook
- Need either a Chrome or Firefox browser (Chrome works best)
- Need a functioning computer web-camera and microphone
- Need a good consistent Internet connection capable of uploading files in excess of 3 Mbps

Please use the following links to do a system check before you schedule your exam to make sure your computer system will allow you to take a test using this system. <https://examroom.ai/systemtest/>

When prompted "Permission to access camera and microphone", you must click "Allow."

If you do not have access to equipment that meets the

minimum requirements, Prov has laptops available for use during your exam. To request access to a Prov laptop you may call (866) 720-7768 and ask a call center representative for assistance. You will be responsible for the cost of shipping and handling. Please call for more information.

1. You will need to be in a quiet, distraction-free environment.
2. You need to sit at a table, desk, or counter.

4. All non-testing electronic equipment needs to be removed from the room, calculators, additional cell phones, etc. If there is a TV or second monitor in the room that cannot be removed, you will be asked to show the proctor that it is unplugged.
5. All windows in the testing room must be covered.
6. Your area under your table, desk, or chair needs to be clear of everything; blankets, pillows, papers, backpacks, boxes, etc.

8. You are not permitted to have anyone in the room with you, nor can you receive any aid from anyone during the test.
9. You are not permitted to access any other website during testing unless directed by the system to do so.

10. If requested to download a special extension on your computer, you will not tamper with the extension or try to disable it while testing.

Finally, anyone caught with test questions in their possession, either during or following the examination will be prosecuted by Prov for theft of copyrighted testing materials.

Candidate Civility Expectations

We understand that taking a test can be stressful. Sometimes this stress may cause someone to visibly show their frustration during or after the testing event. While we understand the sources of stress, we find any action that threatens our proctors or examiners to be unacceptable. If a candidate verbally or physically threatens or assaults any of our proctors or examiners, that candidate may be banned from testing for a time. The candidate's actions will be reported to the licensing Department. If any physical harm occurs, civil action may also be taken against the candidate.

SCORE INFORMATION

Candidates must achieve an overall passing scaled score of 75.00 on the practical and written exams.

Chapter 21, section 1 (3)

Remote Practical Exam Information

REMOTE PRACTICAL EXAM INFORMATION

The information found in this document is to help you be most successful during your practical examination. Please read the information carefully and prepare for your exam in advance of your exam date to avoid unnecessary delays or cancellations in your exam process. Note: if the examiner cannot see your work, you may fail the exam.

WHAT DO YOU NEED TO BRING

Please make sure you bring all the necessary items for your test to avoid any delays.

- A valid, government-issued photo ID (such as a driver's license, passport, or military ID). All candidates are required to show their ID during check-in. Please note that paper, temporary, copies, or electronic versions of ID are NOT considered acceptable forms of ID. Those who do not provide a valid form of ID will not be able to test and will forfeit their exam fees.
 - Please check your state specific Candidate Information Bulletin for all information pertaining to ID requirements.
- Materials listed in the NIC suggested supply list.
- Fully charged phone and laptop. It is recommended that these devices be plugged into a power source throughout the duration of your examination.
- A well-lit workspace, please avoid having any bright lights or windows behind you.

HOW TO SET UP YOUR WORKSPACE

Properly setting up your workspace before your exam will help to avoid any unnecessary delays to your testing experience. Please follow the instructions outlined below to the best of your ability.

First, ensure you have a large enough space to accommodate all your supplies. Supplies must be visible to examiners, including, but not limited to, trash receptacles. We recommend using a large table and workspace clear of any other non-exam-related items.

Two views of your workspace are required to test: a front view, and a side view.

Front View

- The front view should allow the examiner to see your workspace, supplies, and mannequin head.
- Avoid any bright lights or windows in the background.
- Set your laptop at an 80-degree angle toward you, not straight up and down and 35 inches away from the workspace.
- Viewing the working area is more important than seeing your face.

Side View

- The side view will require a smart phone to stream video footage during the length of the exam. Phones should be plugged into power to avoid depleting the battery during the examination.
- Place your cell phone about 45 inches behind and to the left or right of the work area. Enough space away that you can see the bags labeled Items to be Disinfected, Trash, and Soiled Linens. Keep all 3 bags on the same side facing your cell phone.

- The phone should look toward the ground and be directed to the bags under your work area.
- The Bags should be labeled on all four sides.
- Please position yourself so that there are no windows situated behind you during testing. Any other windows in the testing area should be covered.
- Make sure there is good lighting so the Examiners can see what you are working on.
- Once your equipment and workstation has been set up appropriately, you are ready to begin your exam.
